

## Matter 8: Housing Land Supply and Delivery – Supplement 4

### Housing Land Supply Topic Paper (RD/Top/050)

1. At the examination hearing on the 18<sup>th</sup> March 2015 concerning question 8B (iv), the accuracy of Table 3 of the South Cambridgeshire District Council Topic Paper on Housing Land Supply (RD/Top/050) was questioned in respect of the correct housing target for the district in the East of England Plan (RD/NP/130).
2. The Inspector requested that a corrected Table 3 be prepared and that the East of England housing target be added to the tables in the Council's M8 hearing statement at Appendix 18.
3. It is agreed that Table 3 is in error in recording a housing target figure of 700 for the years 2002/2003 to 2006/2007 when this was not a target but a record of average annual completions since 2001. Policy H1 at page 29 of the East of England Plan states that 3,520 homes had been completed in South Cambridgeshire between 2001 and March 2006 (700 per year), and that 19,980 homes remained to be completed to March 2021 (an annualised average of 1,330 per year). The 2001 to 2021 minimum housing target being 23,500 (an annualised average of 1,119 homes). The corrected table 3 is as follows: (new text in **bold and underlined**, deleted text ~~struck through~~). The relevant row is highlighted in a light blue fill.
4. Note that as the record of completions in policy H1 extended only to March 2006 it must follow that the 1,330 housing target would have commenced in 2006/2007.

Table 3: Capacity of planning permissions and housing completions compared with annualised target in adopted plans and the proposed submission Local Plan and compared to GDP and house price growth

CLG median house prices by district, table 582, based on the sale price of property taken from the Land Registry's sold price data.

- = data not available.

Note: The rows marked \* were updated before the examination hearings for M8 in an update to RD/Top/050 which stated: An error has been noted in Table 3. This shows an 'Adopted Plan Annual Target' of 843 homes pa for the years 2001/2002, 2002/2003, and 2003/2004. This is incorrect because the South Cambridgeshire Local Plan 1993 from which the 843 annual target is derived had a plan period of 1986 to 2001 to accord with the 1989 Structure Plan. Incorrect deleted numbers are struck though, the correct figures are shown in **bold** and are underlined. Consequential changes are also so shown.
